

VentorTech Achieves Zebra Technologies Validation

Ventor app validated at Zebra's Solutions Center to automate sales and warehouse processes for SME end-users to help them achieve significant business growth.

Tallin, Estonia - [February 13, 2019] - VentorTech today announced it has successfully completed [Zebra Technologies' Validated Program](#) for its Ventor app. This designation indicates to customers and partners that Ventor was successfully tested - confirming its performance and functionality with select Zebra devices.

KEY TAKEAWAYS

- Ventor works with Odoo ERP (Community and Enterprise). The app provides instant access to all warehouse operations from a Zebra handheld terminal. It makes receiving, delivery and inventory adjustments of goods 3X faster compared to the Odoo web interface.
- Zebra Technologies' Validated Program enables eligible channel partners to test the interoperability of their software solutions with select Zebra mobile computers, scanners, printers, RFID readers, payment systems, wireless infrastructure and mobility management software products, meet user application-specific needs, and reduce both the risk and the deployment time for the user.
- Working closely with Zebra engineering teams, VentorTech has tested its Ventor app for interoperability with select Zebra products, including the [TC70X](#), [TC75X](#), [TC8000](#), [WT6000](#), [TC51](#), [TC56](#), [MC33](#), [RS6XXX](#), [TC25](#), [TC20](#).

SUPPORTING QUOTE

Vitaly Eremeev, CBDO, VentorTech

Working closely with our customers, VentorTech has developed and constantly improved the Ventor app. I am delighted that this app enables our customers to streamline and automate routine warehouse operations, which in turn helps increase their overall business profitability.
